

South Carolina Teacher Loan Program

The South Carolina Teacher Loan Program (TLP) allows recipients to cancel portions of their loan indebtedness by teaching in certain geographic and subject areas. Recipients who become certified and who teach in a geographic or critical subject area may have their loan payments postponed while they are teaching. In addition, while teaching in a critical area, the loan will be eligible for cancellation based on the following guidelines:

- For teaching in a critical geographic school or a critical subject area, the outstanding balance will be canceled at a rate of 20%, or \$3000, whichever is greater, for each full year of teaching up to 100%.
- For teaching in a critical geographic school and a critical subject area simultaneously, the outstanding balance will be canceled at the rate of 33.33%, or \$5000, whichever is greater, for each full year of teaching up to 100%.
